EPC Newsletter

No.1/2013; 30. January 2013

Dear former, current and future EPC Members!

1. [Abstract submission open!](#)

Dear colleagues,

The local organizing committee of the 45th European Pancreatic Club (EPC) meeting in Zurich invites you to participate and submit abstracts. **Abstract submission is now open until March 13, 2013.**

Please go to our website www.epc2013.com. You will be redirected to the abstract handling system of the EPC.

Please also make sure that you make a hotel reservation well in advance. We have reserved rooms until 14 May, 2013.

To get the benefit of reduced registration fees, please sign up at our societies' home page for membership: www.e-p-c.org.

Registration for the congress will start on February 15, 2013.

Key dates are found at <http://www.epc2013.com/?q=key-dates>.

We hope to see you in Zurich!

With best regards

Rolf Graf and the local organizing committee

2. Changes in Travel Grant application

The Council of the EPC decided to change the EPC Travel Grant Application system. **From 2013, only members of the EPC can apply for Travel Grants.** For further information please visit <http://e-p-c.org/travel-grant>.

3. OPEN CALLS - Positions are available!

EPC is looking for interested and motivated volunteers, who want to serve on EPC Council or UEG Committees. The participation in the work of the EPC Council or in different UEG Committees offers several benefits — you can build a network with other leading pancreatologists including clinical and basic scientists, you can highlight different areas that you think are important and you can contribute to advance of gastroenterological care in Europe. Open calls will be available on the webpage (<http://e-p-c.org/open-calls>) from 15th February, 2013
