

# PANCREATOLOGY:

## PAST, PRESENT AND FUTURE

## DIAGNOSIS AND THERAPY

### PANCREATOLOGY: GENERAL ISSUES

**Chair I:** Prof. Natalya Kharchenko, Ukraine

**Chair II:** Prof. Matthias Löhr, Sweden

1. Master class lecture: Pancreatology: History and Prospects

**Speaker:** Prof. Natalya Gubergrits, Ukraine

2. Epidemiology and opportunities for diagnosing pancreatic diseases including pancreatic insufficiency in Ukraine

**Speaker:** Prof. Yuriy Stepanov, Ukraine

3. Risk factors and prevention of pancreatic diseases

**Speaker:** Prof. Galina Fadeenko, Ukraine

4. Pancreas and comorbid pathology.

Focus on optimizing the therapy.

**Speaker:** Prof. Oleg Babak, Ukraine

5. Pancreatic diseases in patients with obesity and metabolic syndrome

**Speaker:** Prof. Sergey Tkach, Ukraine

### ACUTE PANCREATITIS

**Chair I:** Prof. Igor Khomiak, Ukraine

**Chair II:** Prof. Peter Hegyi, Hungary

1. Nutrition in acute pancreatitis: an overview

**Speaker:** Dr. Oleg Shvets, Ukraine

2. Modern aspects of surgical treatment of acute pancreatitis and its complications. Possibilities of endoscopic ultrasound

**Speaker:** Prof. Igor Khomiak, Ukraine

3. Complications of acute pancreatitis: minimal-invasive and endoscopic surgery

**Speaker:** Prof. Petr Kondratenko, Ukraine

### CHRONIC PANCREATITIS

**Chair I:** Prof. Galina Fadeenko, Ukraine

**Chair II:** Prof. Joachim Mössner, Germany

1. Nutrition in patients with chronic pancreatitis: what is important?

**Speaker:** Prof. Natalya Kharchenko, Ukraine

2. Genetic testing and pancreatitis in children and young adults: what and when to test

**Speaker:** Dr. Dóra Mosztbacher, Hungary

3. The genetics of chronic pancreatitis: what is important for the clinician

**Speaker:** Prof. Joachim Mössner, Germany

4. Pain in chronic pancreatitis: pathogenesis and therapeutic options

**Speaker:** Asst.-Prof. Stephan Haas, Sweden

5. Clinical management of patients with chronic pancreatitis

**Speaker:** Prof. Akos Szucs, Hungary

6. Pancreatic enzyme replacement therapy (PERP): individualized dosage according to the level of pancreatic insufficiency

**Speaker:** Prof. Natalya Gubergrits, Ukraine

7. Surgery of chronic pancreatitis:

correct timing and technique

**Speaker:** Assoc.-Prof. Dr. Guralp Ceyhan, Germany

8. Surgery of chronic pancreatitis:

own experience

**Speaker:** Prof. Alexander Usenko, Ukraine

### CLINICAL PANCREATOLOGY:

#### CASE DISCUSSIONS

**Chair I:** Prof. Petr Kondratenko, Ukraine

**Chair II:** Asst.-Prof. Stephan Haas, Sweden

**Speakers:** Prof. Natalya Gubergrits, Ukraine;

Prof. Sergey Tkach, Ukraine;

Dr. Oleg Shvets, Ukraine

### PANCREATIC TUMORS

**Chair I:** Prof. Volodymir Kopchak, Ukraine

**Chair II:** Assoc.-Prof. Guralp Ceyhan, Germany

1. Neuroendocrine pancreatic tumors

**Speaker:** Prof. Konstantin Kopchak, Ukraine

2. Cystic pancreatic tumors: a variety of kinds

**Speaker:** Assoc.-Prof. Marco Del Chiaro, Sweden

3. Laparoscopic surgery of the pancreas: indications and results

**Speaker:** Prof. Tobias Keck, Germany

4. Surgery of pancreatic cancer —

current state of the art

**Speaker:** Assoc.-Prof. Guralp Ceyhan, Germany

5. Surgical treatment of pancreatic cancer: own

experience

**Speaker:** Prof. Volodymir Kopchak, Ukraine

6. Extended pancreatic surgery:

what is the benefit?

**Speaker:** Assoc.-Prof. Guralp Ceyhan, Germany

### IMAGING

**Chair I:** Prof. A.A. Litvin, Belarus

**Chair II:** Asst.-Prof. Stephan Haas, Sweden

1. The potentials of endoscopic ultrasound (EUS) of the pancreas: B-Mode, Power-mode, elastography and contrast

**Speaker:** Asst.-Prof. Stephan Haas, Sweden

2. Diagnostic capabilities of endosonography in Ukraine

**Speaker:** Dr. Sergey Muzika, Ukraine

3. CT and MRI diagnostics of acute pancreatitis

**Speaker:** Prof. A.A. Litvin, Belarus

### BASIC SCIENCE FOR CLINICIANS

**Chair I:** Prof. Yuriy Stepanov, Ukraine

**Chair II:** Prof. Alexei Tepikin, UK

1. What the clinician needs to know about the pathogenesis of pancreatic diseases

**Speaker:** Prof. Alexei Tepikin, UK

2. Pancreatic cancer: the future

of personalized medicine

**Speaker:** Prof. Matthias Löhr, Sweden

### INTERNATIONAL GUIDELINES

**Chair I:** Prof. Alexander Usenko, Ukraine

**Chair II:** Assoc.-Prof. Marco Del Chiaro, Sweden

1. HaPanEu: Harmonising diagnosis and therapy of chronic pancreatitis across Europe.

**Speaker:** Prof. Matthias Löhr, Sweden

2. International guidelines on acute pancreatitis

**Speaker:** Prof. Peter Hegyi, Hungary

3. International guidelines on cystic tumors

**Speaker:** Assoc.-Prof. Marco Del Chiaro, Sweden

4. International guidelines on pancreatic cancer

**Speaker:** Prof. Konstantin Kopchak, Ukraine

### TRIALS ON PANCREATIC PATHOLOGY

#### IN EASTERN EUROPE

**Chair I:** Prof. Konstantin Kopchak, Ukraine

**Chair II:** Prof. A.A. Litvin, Belarus

1. Introduction of the Eastern

and Central European Study Group

**Speaker:** Prof. Peter Hegyi, Hungary

2. Introduction of ongoing trials in adults

**Speaker:** Prof. Ákos Szűcs, Hungary

3. Introduction of ongoing trials in children

**Speaker:** Dr. Dóra Mosztbacher, Hungary
